Re: **Russet Ridge Wind Project**

To Whom It May Concern:

We are residents, business owners, property owners, and appreciative visitors of the beautiful Naples and South Bristol area of NY. We realize and support the need for renewable energy, but we believe firmly that giant wind turbines on our hilltops do not provide the solution, and in fact, will do great harm to the beauty, quality of life, and sustainability of our land and our way of life for ourselves, our children, our natural world, and our businesses.

Therefore, we request that you look for alternate locations for your turbines. We strongly believe that there are more appropriate areas for them to be sited.

Sincerely,

Signature
